

ALERTE AUX OBSTACLES AU COMMERCE

Rapport d'obstacle

Id

1757

Statut

Résolu - Action (Jours publié: 825)

Activité commerciale

Exportation de Gambie vers Etats-Unis d'Amérique

Date et lieu

16/11/2021 - Gambie

Description

I am asked to provide Comestic Safety Assessment Certificate for my products . No institution or lab is available in The Gambia , that can provide this certificate and it has to grind my ability to export to a standstill. I have run all over , to all institutions , and none could provide what I need.

Type d'obstacle

Autres types de problèmes relatifs aux installations limitées ou inappropriées

Règlement relatif à l'obstacle

Je ne sais pas

Secteur d'activité

Produits chimiques

Informations supplémentaires sur le produit

I produce natural cosmetics , and package them for exports. My products are in high demand in America and Europe. I have a cottage industry , where I produce these goods and employ Gambian youth.

Remarques et recommandations finales

The Ministry of Trade and its agencies such as the Gambia Standard Bureau should establish a lab that can conduct the necessary test and provide the Cosmetic Safety Assessment Certificate . The cosmetic sector is graduation growing in the Gambia and we have the potential to grow to international brands

Historique du rapport d'obstacle

Date	Statut	Détails

14/01/2022	En cours de résolution	To be shared with relevant authorities for address
17/01/2022	Résolu - Action	Plans are at an advanced stage to establish an accredited lab in the Gambia . According to the TGSB secured funding for equipment to establish a National Food TestingLab from the National Component of the West Africa Competitiveness Project launched on 18 December 2020. TGSB also secured funding to establish a Lighting Testing Lab under the GEF (Global Environment Facility) 6 Project, Quality Assurance Component, which the Bureau is leading. Through these two projects , The Gambia , will soon have an accredited lab.
